ABOUT SCOTT WHITAKER

Scott Whitaker is the founder of Membership Multipliers where he coaches membership business owners on how to get more members, increase retention and multiply their profits.

He is the author of "Triple Your Membership in 21 Days... and Do It Over and Over Again Toolkit," "Four Offers You Need to Have To Keep People From Quitting," and "Accelerate: How to Get Your Next 10, 100, 500, or Even 1,000 Members."

Scott has led membership organizations in both non-profit and for profit companies since 1997. He's noted for having built the largest for profit coaching network for pastors of churches; growing from just 72 pastors a year to over 3,000 pastors a year.

"This Former Pastor is Wicked Smart"

"Scott Whitaker is wicked smart when it comes to planning strategy and tactical execution of all aspects of membership programs. From member indoctrination to renewal to ascension to selling and pitching, you will gain huge value from working with Scott. His ideas when implemented will result in a gain of at least half a million dollars in coaching revenue for my company. Scott verified and clarified things that my team has been telling me for how to change and improve what we do, but it took Scott to help me see the wisdom of changing things up, so we can deliver much more value and make much more money long term from our members. Hire Scott today! You won't regret it."

Kris Murray
Founder of **Childcare-Marketing.com**

"We Were Able to Launch a New Membership Level & Increase our Recurring Revenue"

"Through Scott's seven-point plan and his proven experience, we were able to create a new level of membership that will significantly increase our monthly recurring revenue. Scott helped us identify underutilized membership assets we already had and capitalized on these, which went a long way to creating our new level of membership. He has a unique ability to develop programs, working backward from the desired outcome, and giving you the step-by-step execution plan!"

Michael Rozbruch
CPA, Founder of **Roz Strategies**

"Turned a One-Time Event into Recurring Revenue"

"Scott showed me how to immediately add six figures to my membership and how to quickly get new members with what I was already doing. I decided to put on a two day workshop with the idea of people paying \$97 upfront and \$397 with a trial membership. And in just over two weeks we managed to sign up 30 new members from that workshop."

Oli Billson
Founder of **Oliver Billson Marketing**

"Struggled for Years and Then Immediately Grew by 50%"

"Since working with Scott and following his clear and excellent guidance, I have increased my income by fifty percent per month. He has also given me a better understanding of how to provide better service to and increase the engagement of my members, and I'm seeing longer retention rates."

Jeannette Koczela
Founder/President,
Int'l Association of Professional Life

Todd Tramonte

"The Membership Master is 'No Bull!'"

"Scott Whitaker is a membership master! He gave me two tips in under five minutes that helped double our monthly membership revenue. Double! No bull, it is twice what it was and climbing. Scott is battle tested and knows his stuff. Give him a peak at your business, but only if you want to grow."

Val Heart
Founder of Learn
How to Talk to Animals

"Doubled My Membership and Struggle No More!"

"After all these years of effort, we couldn't seem to grow beyond 30 members. After working with Scott, in just a few months I've made changes that include raising the dues and adding 2 more levels of membership. We just finished launching Early Bird & Founding Member Platinum levels and now have 30 Platinum members, 24 Gold members, and 6 Silver members for a grand total of 60 members! I wish I'd met Scott years ago. It would have made all the difference!"

Shawn Buck
Founder
NewsletterPro

"Advice So Simple And Yet So Worth It"

"Any membership business knows the importance of monthly recurring revenue. However, most struggle to increase their MRR month over month. Just follow Scott's simple advice and you'll accelerate your recurring revenue, get more members and have a solid membership business. I cannot recommend working with Scott more. It has been amazing for us. If you're considering it at all, let me tell you should totally do it. It'll be an investment well worth your time and your money."

Marlon Sanders
CEO/Founder of

"Once Skeptical, Now a Raving Fan"

"I was really skeptical about Scott's offer because I've been doing this full time since 1997. I was blown away with the training, very detailed. He's very hands-on, and, yes, I have learned and discovered a lot of things that I can immediately apply. It really blew me away. If you are skeptical or you're holding back or you aren't sure it's a good investment of your money, I have to say it is a fantastic investment of money and I'm very pleased with it. I can say with 100% certainty you will be also."

"A Simple Step-by-Step Plan Anyone Can Follow"

"Scott has taken what can be a complicated process and given us a step by step plan for our Membership businesses. I have ordered copies for all of my staff and beginning this next week Workamper News, already a membership business with eighty thousand members is going to get back in touch with the true meaning of 'Membership!' Thank you Scott, for the great message!"

Steve Anderson
President
Workamper News, Inc.

"His Book Alone Could Sell for Over \$10,000"

"Scott Whitaker WAY over-delivers. I'm recommending him to all of my friends and clients. I have been "doing memberships" since (way) before memberships were cool and I learned a TON from Scott. You do not want to run a membership without Scott Whitaker"

Michelle Pippin
Founder of

"Created a New Path To Achieve More & Get More Members"

"With Scotts assistance we are transitioning to value based marketing. Now we've added a path for the members to follow to achieve measured results and increased the price to \$97 a month! So getting four new members at this level is the same as getting forty new members prior. An additional benefit was the clarity about who our ideal market is based upon the responses and feedback we received through the process. Thanks Scott!"

Dave Stevens
Founder of RiversZen

"Dig In Now... Made it Easy to Implement!"

"Scott's down to earth and easy to implement strategies make growing your membership quicker, more fun and more profitable. I highly recommend digging in and taking action on his strategies if you have or want a growing membership business!"

Jon Toy
Founder of

Adams Hudson

"Scott Guided Me to Sell for 7 Figures!"

"Your guidance and coaching there was invaluable. I'm proof positive that a membership program has real, calculable, closing-table value that goes far beyond the empty echoes of '... a really good reputation'. Memberships are worth money today, every month thereafter, and then they multiply again when you go to sell your business... In my case the value created was well into seven-figures. Thank you for your continued guidance."

Kim Walsh-Phillips
Founder of

"I Was Able to Increase by 300%!"

"As the founder of several membership programs, I am always looking for new books on the topic. Finally, there is an ultimate guide. I cannot recommend this book more highly. Scott is brilliant and tells you everything you need to know how to grow your membership. In just the first 30 minutes of going through Scott's program, we were able to multiply our membership revenue path more than 300%!!

Nelson Searcy
Founder of The
Renegade Pastors
Network and Church

"Thank you, Scott!"

"It's not an exaggeration to say that this network wouldn't exist without Scott Whitaker. After hearing me say for years that I wanted to build a network for renegade pastors, he finally cornered me (literally) in a hotel lobby in Southern California and told me it was time to put action behind my words (at least that's what I heard him say; I'm sure he was more tactful). Two months later, The Renegade Pastors Network was born. Thank you, Scott!"

Jennifer Sanchez
VP of Sales &
Marketing, Beautique

"Worked for My 'Brick and Mortar' Spa Membership"

"While working with Scott, I have been able to move new members to fully-engaged and strengthen client loyalty. The best part is that together we were able to create a solid system that my staff can implement so that each new member will know that their investment with us is one of the best decisions they have ever made. Thank you Scott for taking things and putting them into a simple process that will increase our revenue and more importantly our client loyalty."

"Didn't Think It Was Possible, Now It's Easier Than I Thought"

"I just started my membership after many years of not even considering it because all I could think of was: 'I have to entertain and give a lot of content every month to be able to keep my members.' I realize that that doesn't have to be the case. I appreciate how Scott actually addresses this concern and the system he teaches to have a membership that's constantly growing and has great retention. I already started to implement some of Scott's strategies."

Magda Castenada

"I'm Now Lightyears Ahead"

"Thank you so much for the tremendous insight, ideas, and value you've provided me this week. You've moved me lightyears ahead. I'm more excited than ever to take the next steps and feel like I have a solid plan to move forward. I am more excited than ever. You've helped me gain so much clarity. You've given me answers to questions I had. A map...a name...a plan...and places to look for inspiration. I cannot thank you enough."

"I'm Able to Fulfill My Dream of a Profitable Membership"

"I just finished working with Scott. And it was an incredible, incredible experience. I mean, he dug deep into my business. We got into numbers. We got into creating memberships. And I can see from here going forward how much money we can make. I mean, this has been a real dream of ours to implement a membership in our business. It's really the one way to really get the kind of revenue jump that we've been looking for. And without Scott's help, we could not have done this ourselves. So, I really, really recommend Scott. I'd recommend membership multipliers. You're in the right place."

"32 New Members in Just Four Days Equals \$2,000 Every Single Month!"

"Have to give a huge shout out to Scott. I Just finished his four day email series. During the four days I got 32 new members. That's almost four hundred percent more than I usually get adding over \$2,000 per month In revenue Just In four days!!! I was a little skeptical at first, but Scott really knows his stuff. My biggest ah-ha from the event was identifying more ways I can help those I wish to serve. Can't Thank you enough!"

“\$400 Per Month”

“Scott pushed me to do the 4-Day Membership Generator, and while I only promoted this to my existing list of 1463 plus a little word of mouth to some key partners and a networking group I belonged to, the results did exceed my initial expectations and I was surprised by some of the long time list people who finally signed up.

In total, I got 17 new members through the campaign which will be \$425 per month going forward. Thanks so much Scott!”

John Laird

“Discovered More In 1 Day Than I Did In Countless Multi-Day Seminars”

“I learned more about assimilating members from one day with Scott than I have from entire multi-day seminars devoted to the topic. From the strategic reasons to take specific actions to practical examples of the strategies in action, Scott can walk you through the complete process. Seriously, if you want more members and you want to retain them, listen to Scott!”

“I Can Finally Get More Time With My Family & Grandkids”

“Scott, The way you took membership and broke it down was absolutely amazing. The Content Multiplier was totally off the hook. The way you made it easy to consume and got me to action items in less than one day was totally awesome. If you don't know Scott I highly suggest you google him. Get his course. Go listen to him speak. Just get into his world. I promise you won't be disappointed. Highly, highly recommend Scott. I can finally get more time with my family and grandkids. Thanks Scott!”

"Supercharged My Team to Get Our Membership Launched!"

"Numerous 'Eureka Moments'"

"In working with Scott, my biggest 'aha' moment is really a combination of several smaller 'eureka' moments.

The sum of all the practical, down-to-earth bits of information were immediately applicable to launch my membership. My business plan is complex dealing with three levels, but the tactics and techniques presented through membership multipliers appropriately fit each of the three legs of the operation.

Scott was attentive and addressed all my specific questions but one of the most important takeaways might well be the mastermind group which connects like-minded entrepreneurs. It's not about closing a sale. It's much more about opening relationships."

"I just finished a day with Scott Whitaker and my mind is blown with great ideas. He was able to give me a lot of awesome clarity by creating different levels of membership programs. We also discussed a subscription programs for our brick and mortar program.

I'm so enthused about leveraging the experience I've had at our core business and now taking it where we know we're going to create an even bigger impact, a bigger contribution by shortening the learning curve of some of the other business owners in our industry. "Makes Growing Membership Almost 'Paint-by-Numbers'"

"While I thoroughly enjoyed the content of the two-day conference, I can't identify a single a-ha. The reason is, all of the pieces are sewn together seamlessly. While I had many of the elements in place, learning to use the Facebook group as a collective prospect audience, feeding both the general Facebook community and my private audience with targeted Attraction Tools, and structuring both the fourteen-Day Buzz plan and the email strategy overview makes growing membership almost paint-by-numbers."

"My Secret Weapon to Grow My Membership Business"

"I decided to work with Scott. We brought him in for an awesome VIP day, flew all my team into New York. We met with him to really map out our business model and what we were going to move forward with. And then we engaged Scott and worked with him after that period to help us on the implementation piece, which has been so valuable.

What I love about Scott is he has the best heart in the world. He's an awesome human being. And he has such a wealth of knowledge in the marketing space and not just marketing, he has provided me advice and mentorship around the operations piece of our business.
